

DOUBLESSE

Cotton fabric laminated on FSC®-certified paper. The material is two-coloured due to the dyed glue and changes colour depending on the incidence of light. The colours of DOUBLESSE match to those of SURBALIN and can be used in combination.

Product features

- _ Very suitable for hot foil stamping and blind embossing
- _ very good results in screen printing

Basically, all tissue types are solvent-free, free of chlorinated hydrocarbons, formaldehyde, skin-friendly and biodegradable. The dyes used do not fall under the rubric of hazardous working materials and are physiologically degradable.

FSC®-C007262 peyer graphic Deutschland
DOUBLESSE meets the the REACH-regulations
