

DOUBLESSE & DOUBLESSE 2.0

Characteristics

DOUBLESSE is a cover fabric based on cotton. Dyed glue and coloured yarn make the fabric shine in two colours. The glue and the fabric match the SURBALIN colours and make bright combinations possible.

Applications

- _ book cover, back strip, full-binding, half-binding
- _ cover material for slipcases, folders, luxury cardboard boxes

Processing possibilities

- _ printable in offset and screen printing
- _ blind embossing and hot foil stamping
- _ glue-proof laminated on paper
- _ good creasability

We will be happy to provide you with further processing-relevant material information.

Certificates/Environment

REACH-conform.

Generally, all fabric types are solvent-free, free from chlorinated hydrocarbons, formaldehyde-free, skin-friendly and biodegradable.

The used dyes do not belong to the category of hazardous substances and are also biodegradable.
